

Introduction

Our firm, Alpha Cubed Investments, LLC, is an investment adviser registered with the Securities and Exchange Commission. We feel that it is important for you to understand how advisory and brokerage services and fees differ in order to determine which type of account is right for you. There are free and simple tools available to research firms and financial professionals at www.investor.gov/CRS, which also provides educational materials about investment advisers, broker-dealers, and investing.

What investment services and advice can you provide me?

We are a registered investment adviser bound by a fiduciary duty to our clients that offers investment advisory services to retail investors. Our advisory services include Asset Management, Wrap Portfolio Management, and Financial Planning & Consulting. If you open an advisory account with our firm, we'll meet with you to understand your current financial situation, existing resources, goals, and risk tolerance. Based on what we learn, we'll recommend a portfolio of investments that is monitored at least annually, and if necessary, rebalanced to meet your changing needs, stated goals and objectives. We'll offer you advice on a regular basis and contact you at least annually to discuss your portfolio.

Financial Planning & Consulting is also offered as a separate service for an additional flat fee, hourly fee or a fee based on assets under advisement. We do not monitor your investments for the Financial Planning & Consulting service.

You can select in our agreement whether we are allowed to buy and sell investments in your account without asking you in advance ("discretion") or only buy and sell investments in your account after receiving your permission ("non-discretion"). If you select non-discretion, you make the ultimate decision regarding the purchase or sale of investments. Any limitations will be described in the signed advisory agreement. We will have discretion or non-discretion until the advisory agreement is terminated by you or our firm.

We do not restrict our advice to limited types of products or investments.

Our firm does not impose requirements for opening and maintaining accounts or otherwise engaging us. However, our firm generally charges a minimum fee of \$1,500 for standalone Financial Plans.

Additional information about our advisory services is located in Item 4 of our Firm Brochure, which is available online at <https://adviserinfo.sec.gov/firm/brochure/159347>

What fees will I pay?

You will be charged an ongoing quarterly fee based on the value of the investments in your account. Our Asset Management and Wrap Portfolio Management fees do not exceed 1.5%. The more assets you have in your advisory account, the more you will pay us. We therefore have an incentive to increase the assets in your advisory account in order to increase our fees. Our fees vary and are negotiable. The amount you pay will depend, for example, on the services you receive and the amount of assets in your account. Our firm's fees will be automatically deducted from your advisory account, which will reduce the value of your advisory account. In rare cases, our firm will agree to send you invoices rather than automatically deduct our firm's fees from your advisory account.

Financial Plans done in conjunction with Asset Management Services are complimentary. For standalone financial plans, our maximum flat fee is \$10,000, the maximum hourly rate is \$350 for our Financial Planning & Consulting service and the fee based on a percentage of assets under advisement shall not exceed 1%. For the Hourly and flat fee offering our firm requires a retainer of 50% of the ultimate Financial Planning & Consulting fee at time of signing.

The broker-dealer that holds your assets charges you a transaction fee when we buy or sell an investment for you. The broker-dealer's transaction fees are in addition to our firm's fees for our Asset Management service. We pay the broker-dealer's transaction fees charged to you for our Wrap Portfolio Management service. Our firm no longer offers the Wrap Portfolio Management service which is only available on a legacy basis.

You may also pay charges imposed by the broker-dealer holding your accounts for certain investments and maintaining your account. Some investments, such as mutual funds, index funds, exchange traded funds, and variable annuities, charge additional fees that will reduce the value of your investments over time. In addition, you may have to pay fees such as "surrender charges" to sell variable annuities.

In certain cases, we may select third party money managers who will assist us with managing your account. If selected, they will charge you a fee, which will be described to you in their Form ADV or their service agreement. You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying.

Additional information about our fees is located in Item 5 of our Firm Brochure, which is available online at <https://adviserinfo.sec.gov/firm/brochure/159347>

What are your legal obligations to me when acting as my investment adviser? How else does your firm make money and what conflicts of interest do you have?

When we act as your investment adviser, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice, we provide you. Here are some examples to help you understand what this means:

Some representatives of our firm are insurance agents/brokers. They may offer insurance products and receive customary fees as a result of insurance sales. A conflict of interest may arise as these insurance sales may create an incentive to recommend products based on the compensation adviser and/or our supervised persons may earn. In every case, however, it is the commitment of our firm and its associates to act in the best interests of the client.

Some representatives of our firm are registered representative of The Leaders Group, Inc. member FINRA/SIPC. They may accept compensation for the sale of securities or other investment products, including distribution or service (“trail”) fees from the sale of mutual funds. A conflict of interest may arise as these commissionable securities sales may create an incentive to recommend products based on the compensation adviser and/or our supervised persons may earn. For additional information about The Leaders Group Services, please visit <https://www.leadersgroup.net/>

Additional information about our conflicts of interest is located in Item 10 of our Firm, which is available online at <https://adviserinfo.sec.gov/firm/brochure/159347>

How do your financial professionals make money?

Our financial professionals are compensated based on the revenue our firm earns from their advisory services or recommendations, the amount of client assets they service, and the time and complexity required to meet a client’s needs.

Do you or your financial professionals have legal or disciplinary history?

Yes, certain of our firm financial professionals have legal and disciplinary history. Visit Investor.gov/CRS for a free and simple search tool to research our firm and our financial professionals.
